

LET'S GET INTERACTIVE

INTRODUCING THE CUSTOMER JOURNEY GAME

1

The Customer Journey Game is an interactive business board game designed to promote employee engagement in building a customer-centric culture in organizations.

With an innovative design, the game board replicates the stages of a customer journey, as well as the many touch points along the way.

The game enhances understanding of the end-to-end customer journey by emphasizing how each engagement either positively or negatively impacts an entire experience.

2

LET'S DRIVE EMPLOYEE ENGAGEMENT

This innovative game combines experiential learning and the methodology of Monopoly™ to empower players to shape future business success through delivering exceptional customer experiences at every touch point.

The game enables employees to realize their impact on customer experiences and consider how they can contribute to a smooth customer experience in the future.

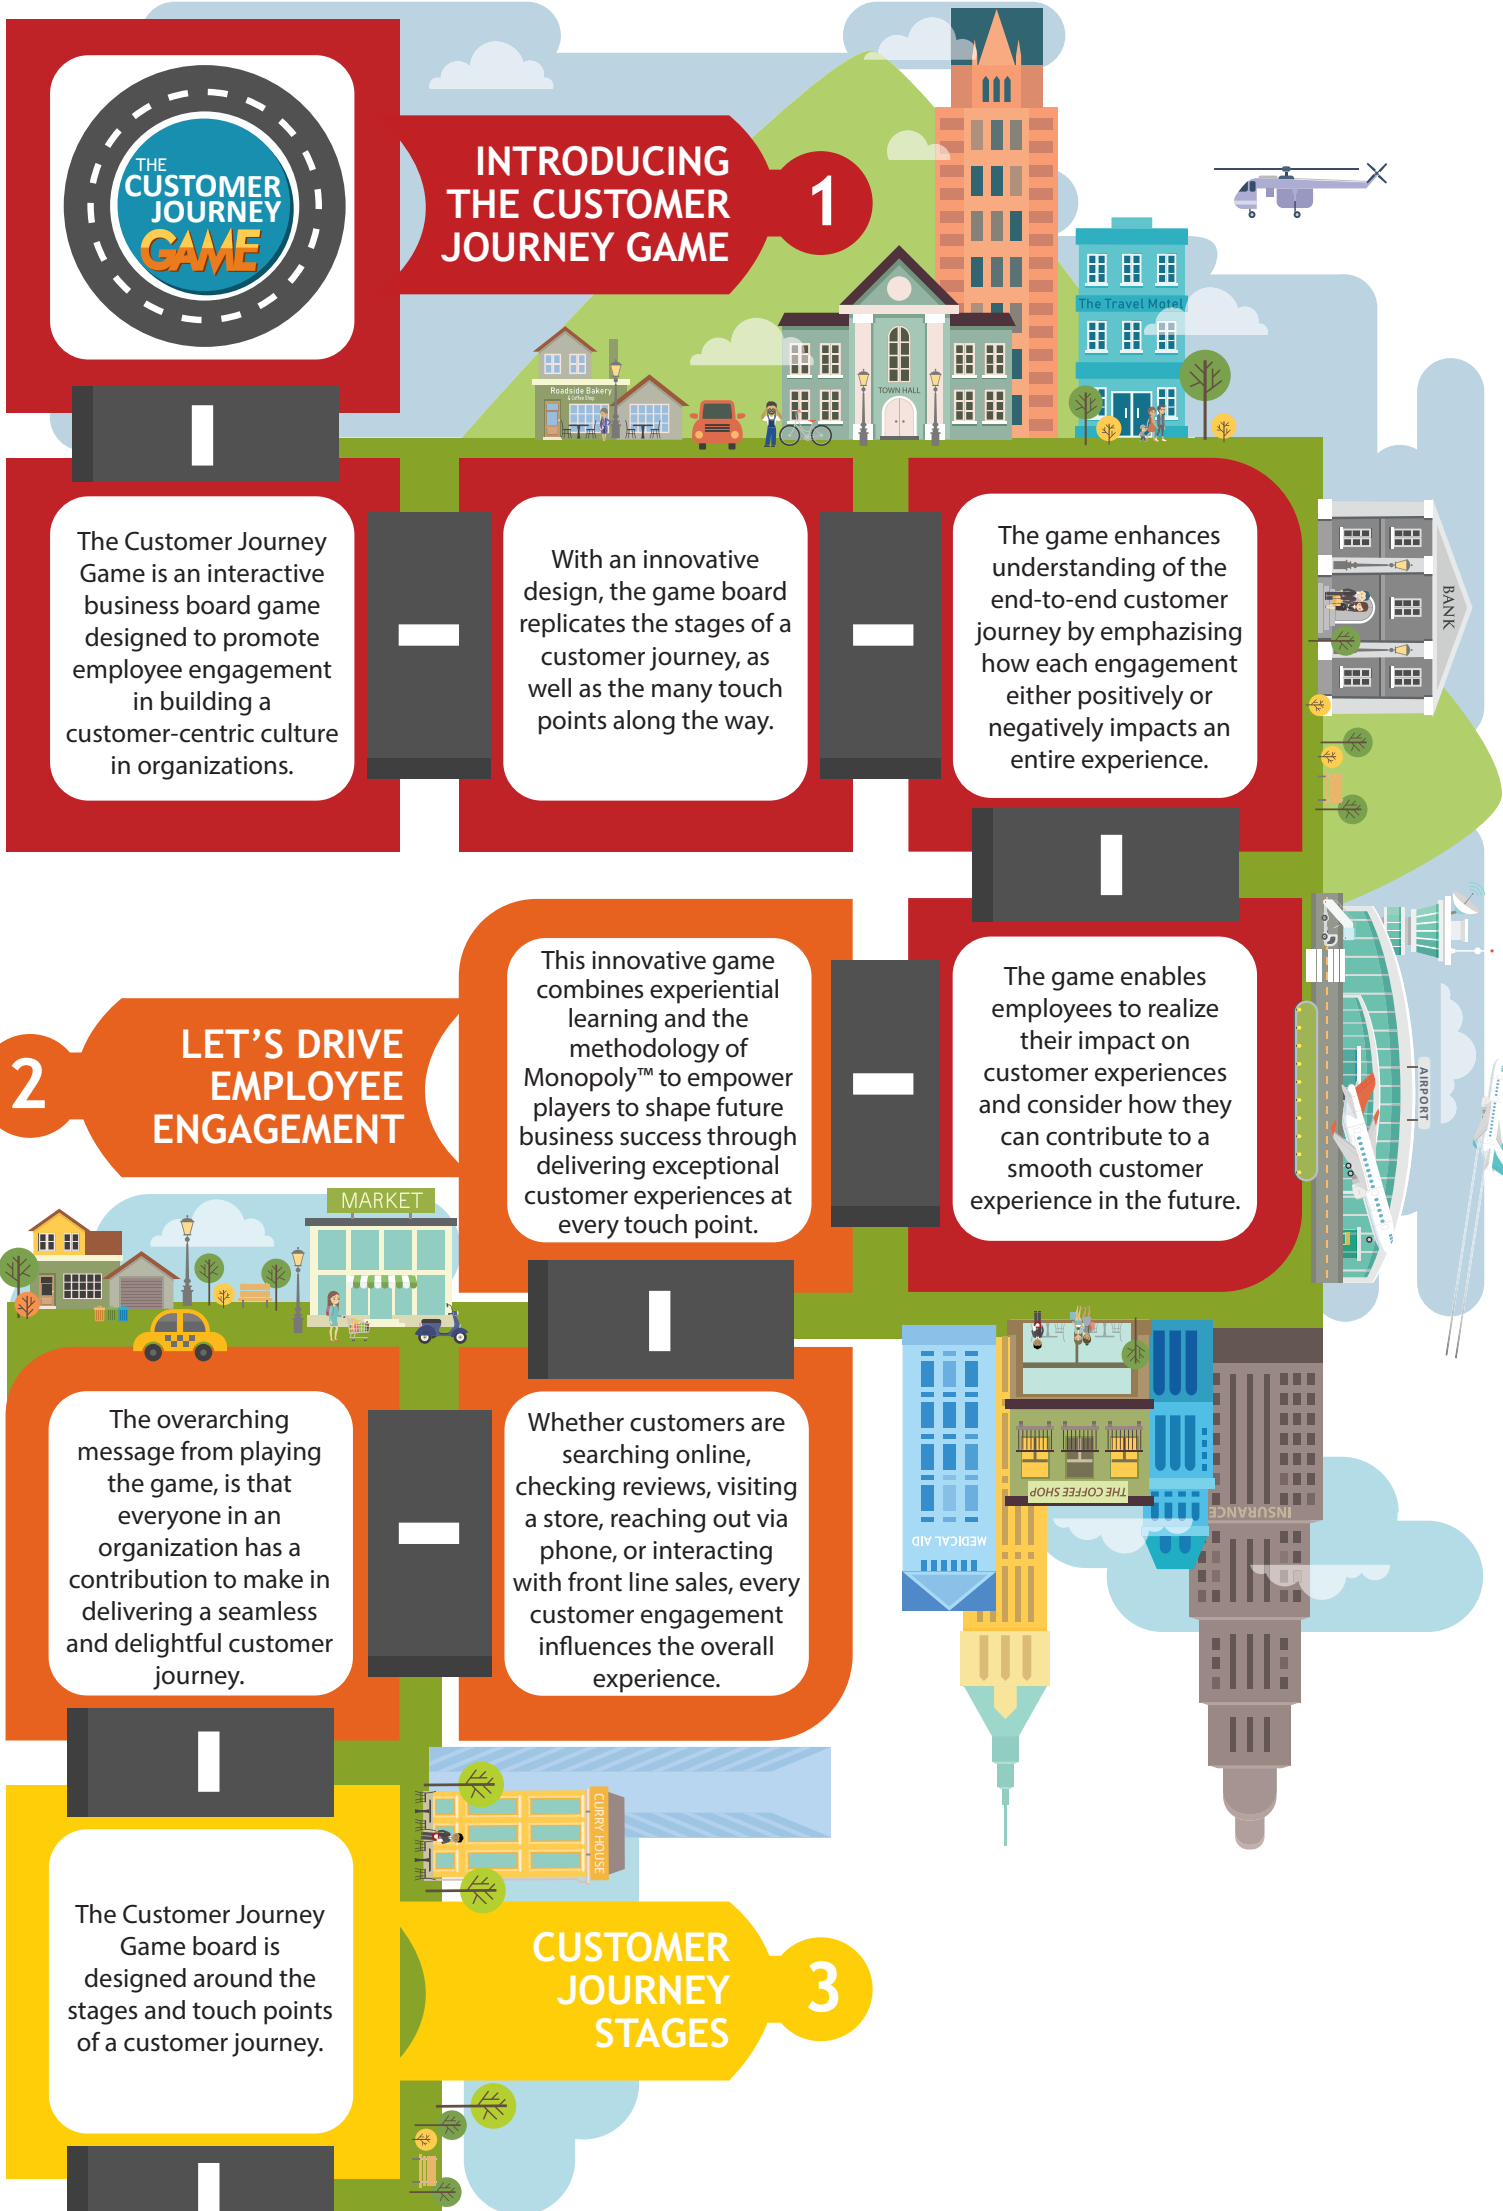

The overarching message from playing the game, is that everyone in an organization has a contribution to make in delivering a seamless and delightful customer journey.

Whether customers are searching online, checking reviews, visiting a store, reaching out via phone, or interacting with front line sales, every customer engagement influences the overall experience.

The Customer Journey Game board is designed around the stages and touch points of a customer journey.

CUSTOMER JOURNEY STAGES

3

- driving teamwork & employee engagement
- raising awareness of touch-points on a customer journey
- breaking down inter-departmental silos and increasing cross company collaboration
- involving employees in problem solving & sharing solutions
- creating understanding that everyone has a role to play in CX
- highlighting the importance of customer retention

One game box accommodates a maximum of 8 players in a team and lasts approximately 60 - 90 minutes.

Key objectives of the game include:-

YOU WIN 1 CUSTOMER.

On the way they encounter Happy Customer, Unhappy Customer, and Task blocks, drawing corresponding cards to win or lose customers.

In this engaging game, players roll a dice and move their customer avatar across a beautifully designed board.

PLAYER WITH THE MOST CUSTOMERS WINS!
Just like in business

Players landing on 'Task Cards' face challenges that test their customer service and creativity skills.

They are required to suggest service improvements, identify customer pain points, capture team selfies and share them on social media, or record their team singing a song.

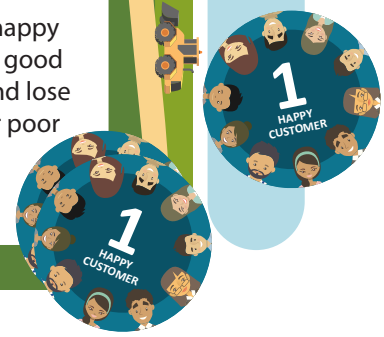

Get ready to document your journey, as this game creates unforgettable memories.

The player with the most customers wins!

The goal is to accumulate the most customers and retain them, simulating the real-world of business competition.

Players earn happy customers for good experiences and lose customers for poor ones.
